COLD EMAIL TO AN ACCOUNT

Subject: A simpler, contract-free way to handle your regulated waste

Hi [First name], most practices are locked into multi-year hauler contracts and still juggle several vendors. We work with Easy Rx Cycle, a DEA-registered destruction partner, to offer one source for every regulated stream — sharps, biohazard, pharmaceutical, controlled substances, and more — with a Certificate of Destruction on every order and no contract.

Worth a 10-minute look? I can send a quick quote for your streams. — [Your name], [Your company]

FOLLOW-UP EMAIL

Subject: Quick follow-up — compliant waste, no contract

Hi [First name], circling back. Clients that switched passed their audits clean and cut disposal cost. Happy to send a no-obligation quote or a one-pager. Which works? — [Your name]
