

# Controlled Substances Management & Disposal Services

This document outlines Easy RX Cycle's comprehensive services for the secure, compliant, and cost-effective management and destruction of DEA-controlled substances. We provide tailored solutions for all DEA registrant types across the United States, ensuring regulatory adherence and peace of mind for our clients.

# Addressing Critical Needs in Controlled Substance Management

The proper management and disposal of controlled substances are critical for public safety, environmental protection, and regulatory compliance. Organizations handling these substances face stringent regulations from the DEA and state authorities. Non-compliance can lead to severe penalties, including fines, loss of licensure, and even criminal charges. Secure disposal prevents diversion, misuse, and environmental contamination.

Easy RX Cycle offers a vital service by simplifying this complex process, providing a trusted partner that understands the intricacies of controlled substance regulations and offers reliable, end-to-end solutions for their safe handling and destruction.

# Who We Serve: A Diverse Range of DEA Registrants

Easy RX Cycle is proud to support a comprehensive spectrum of DEA registrants, providing specialized reverse distribution services tailored to the unique needs of each sector. Our expertise spans across various types of facilities that handle controlled substances, ensuring that all regulatory requirements are met, regardless of the scale or nature of operations.

- Retail and Independent Pharmacies
- Hospitals and Health Systems
- Long-Term Care Facilities
- 503A & 503B Compounding Pharmacies
- Veterinary Clinics
- Research Labs & Universities
- Pharmaceutical Manufacturers
- DEA Schedule I-V Registrants Nationwide

Our nationwide reach ensures that facilities in all 50 states, including Puerto Rico, can benefit from our compliant and efficient services.

# Our DEA Reverse Distribution Services

Easy RX Cycle offers a full suite of DEA-compliant reverse distribution services designed to streamline the process of managing and destroying controlled substances. Each step is meticulously handled by our trained professionals to maintain chain-of-custody integrity and ensure regulatory adherence.

## Secure Controlled Substance Pickup & Packaging

Our trained professionals manage the secure collection and meticulous packaging of all controlled substances directly at your facility, ensuring uninterrupted chain-of-custody integrity from the point of origin.

## DEA-Registered Reverse Distribution

Easy RX Cycle holds all necessary licenses to safely manage and transport DEA Schedule I-V substances from your site to our state-of-the-art registered destruction facilities.

## Final Destruction with Complete Documentation

We provide tamper-proof, verifiable, and fully DEA-compliant destruction. You will receive a signed Form 41, detailed chain-of-custody records, and comprehensive regulatory reporting, all completed within 7–10 business days.

## Consulting, Training & Compliance

From navigating DEA audits to conducting internal staff training, our expert compliance consultants are available to help you stay ahead of evolving federal and state regulations with a customized controlled substance waste management plan tailored to your specific needs.

# Why Choose Easy RX Cycle?

Selecting Easy RX Cycle as your partner for controlled substance management ensures peace of mind through a commitment to compliance, efficiency, and transparent service. We stand out by offering a combination of critical benefits designed to meet and exceed regulatory demands while simplifying your operational processes.

## DEA Schedule I–V Certified

As a licensed DEA reverse distributor, we maintain full federal and state compliance for all aspects of controlled substance handling and destruction, ensuring your operations are always within legal guidelines.

## Flexible Pickup & Mail-Back Programs

Whether your needs require on-site collection or convenient mail-back options, our team provides safe, efficient solutions that seamlessly integrate with your existing operational workflows.

## Complete Documentation Support

Gain full transparency and audit readiness with easy access to DEA Form 41, detailed manifests, and comprehensive regulatory reporting, all managed through our intuitive online system.

# Transparent Pricing and Dedicated Support

At Easy RX Cycle, we believe that exceptional service extends beyond just compliance and efficiency; it also includes transparent pricing and responsive, personalized support. We aim to remove any financial surprises and provide direct access to our team when you need it most.

## \$0

### Hidden Fees

We offer transparent, competitive flat-rate pricing with no hidden fees or unexpected charges, ensuring complete budget predictability for our clients.

## 1

### Real Person

When you call Easy RX Cycle, you'll always talk to a real person. Our headquarters in Little Rock ensures dedicated and accessible customer service.

## 50

### States Served

With our multi-state operational footprint and federally registered destruction partners, we are licensed and ready to serve facilities in all 50 states, including Puerto Rico.

# Navigating DEA Compliance: Key Considerations

Navigating the complex landscape of DEA regulations requires continuous vigilance and a deep understanding of federal and state requirements. Maintaining compliance is paramount to avoid penalties and ensure the integrity of controlled substance handling. Key areas of focus for registrants include:

## Record Keeping

- Accurate and up-to-date inventory records
- Comprehensive documentation for all transactions
- Retention of records for required periods

## Security Measures

- Physical security for controlled substances
- Access control for storage areas
- Procedures to prevent diversion

## Disposal Protocols

- Adherence to DEA Form 41 requirements
- Proper methods of destruction
- Use of authorized reverse distributors

Our consulting and training services are specifically designed to address these critical areas, helping registrants implement robust internal policies and prepare for unannounced DEA inspections.

# Partner with Easy RX Cycle Today

Ensuring safe, secure, and fully compliant controlled substance disposal is not just a regulatory obligation; it's a commitment to responsible operations and public welfare. By partnering with Easy RX Cycle, you gain a trusted ally dedicated to simplifying this critical process while upholding the highest standards of compliance.
